Dance Selection Guide

Beginner / Intermediate:

For first and second year dancers who understand basic steps and formations and wish to improve their dancing technique. The class is geared towards adults. However, young dancers over 12 years of age who are disciplined enough to share a class with adults are welcome.

Advanced Low Impact:

For dancers with a solid understanding of all steps and formations. Emphasis will be on execution of dancing through upper body technique and phrasing. This will offer you a mixture of good team dancing in easier dances, brain-challenging dances and some fun social times.
